The Journal's Slur on The Daily News Tells
a Tale of Enviousness.—Times-

Union Raps 'Em.

"The Times-Union articles on the races, as published in that sheet, and reproduced in The Daily News, of this city, do Daytonians scant justice. So far as possible, our city is ignored, and events transpiring at our beach, and at the Automobile Club House, are scored as occurring at Ormond, six miles away. Nearly all the races were run on the Daytona Beach, and the major portion of trophies presented and the Speed King crowned at the Automobile Club House, at Daytona, the center of the events, and headquarters of the Automobile Association. People desiring a full account of the racing will find it in this issue of the Journal."

The above article, as printed in the Halifax Journal, of last Wednesday, does this paper an injustice. The account of the races were written by the local editor of this paper, and his leading stories throughout the week were original. At every event there was a

DON'T LIKE FRENCH WORDS.

Editor Daily News.—

Live Oak Daily Democrat Enters Vigorous Objections to "Kilometre" And "Chauffeur." In reading the accounts of the Ormond-Daytona auto races, the Live Oak Daily Democrat encountered the word "Kilometre," and proceeded to boil over like this: "Florida is in the United States, not France, and we'd be obliged to those automobile racers down at the Ormond-Daytona Beach, if they would keep us posted on their speed records in plain English. A dispatch of January 22 says of the race on the beach that day, that Stanley made 'one kilometre' in nineteen and one-fifth seconds. That conveys no meaning to us crackers. What in thunder is a kilometre, anyway? Shall our subserbency to the foreign swells go the length of waiving our very language that may conciliate a lot of imported French chauffeurs. We are not even certain of 'chauffeur,' but we take him to be the haughty, hired flunkie from Paree—Jeunes Yellowblush on wheels—who sits up in front, clad in goggles, twists the brake and looks scornfully at the plain democracy of Florida, rubbernecking at the great man as he splits our peerless atmosphere with his flying gasoline wagon."

Communicated.

Editor Daily News.—

In speaking the other day with a well known citizen, he suggested that a plan be formulated to bring visitors to Daytona and the seashore in greater numbers than has heretofore been done. I think his idea a good one, and if arrangements can be made with the railroads to put on reduced rates from points in the southern and interior portions of the State to Daytona, limited to two weeks or a month, it would be the means of bringing hundreds of people to the seashore, and also to the most beautiful town in the State. I think this movement should be worked up by the Board of Trade, and I am sure their efforts would bear fruit. Merchant.

E. M. Stewart, of Laura Hill, La., is in the city, and expects to locate here permanently. Mr. Stewart has sold out his interests in Louisiana, and is now looking for a tract of timber land in this county for the purpose of establishing a sawmill. Mr. Stewart will leave about the middle of the month on a trip to Key West, but will later return here. Phone 49.

A Poem for Today

HOLY, HOLY, HOLY!

By Bishop Heber

IN even the smallest collection of standard hymns there would certainly be several by Reginald Heber (England, 1785-1826), the author of "Greenland's Icy Mountains." By many authorities the hymn below is thought to be his finest piece of work, and in the services of the churches of all denominations it takes high rank. In fact, in a large number of them the first verse is invariably used as the opening note of praises Sunday mornings. It is always sung to the tune "Nicas," written expressly for it by Dr. J. B. Dykes.

HOLY, holy, holy! Lord God Almighty!

Early in the morning our song shall rise to thee;

Holy, holy, holy! Merciful and mighty!

God in three persons, blessed Trinity!

Holy, holy, holy! All the saints adore thee,

Casting down their golden crowns around the glassy sea;

Which wert, and art, and evermore shalt be.

Holy, holy, holy! Though the darkness hide thee,

Though the eye of sinful man thy glory may not see;

Only thou art holy; there is none beside thee,

Perfect in power, is love and purity.

Holy, holy, holy! Lord God Almighty!

All thy work shall praise thy name, in earth, and sky, and sea;

Holy, holy, holy! Merciful and mighty!

God in three persons, blessed Trinity!

MRS. POST FOUND GUILTY.

SENTENCED

To Thirty Days in Jail and
to Pay a Fine of Fifteen
Hundred Dollars.

The heralded verdict returned by the
jury in the Post Case in the United
States Court at Jacksonville yesterday,
was opened this morning and read
"guilty." Judge Bearman sentenced
Mrs. Post to pay a fine of \$1500 and
serve thirty days in jail.

By mutual consent of counsel for the
Government and for Mrs. Helen Wil-
liams-Post, the jury was permitted to re-
turn a sealed verdict, which was filed
with the clerk of the court, and which
was opened this morning, and upon the
jury being polled the verdict was then
made public.

The case was given to the jury about
1 o'clock yesterday afternoon, and the
twelve men were locked up in the jury-
room.

Shortly after 9 o'clock, the bailiff in
charge of the jury was told by the for-
man that a verdict had been reached.
Word was sent in by Judge Bearman
that the jury was ready to come into
court with a verdict.

SEALLED VERDICT AGREED TO.
Judge Bearman gave instructions to
the effect that if the attorneys for the
Government and for the defendant
agreed to it, the jury might return a
sealed verdict and file the same with the
clerk of the court.

As soon as the stipulation was agreed
to by the respective counsel, the jurors
were allowed to depart for their respec-
tive homes or hotels, and the verdict, in
a sealed envelope, was placed in the
vault by Col. E. O. Locke, clerk of the
United States Court.

For the past twelve days the jury has
listened to the case wherein Mrs. Helen
Williams-Post is alleged to have formed
a scheme to defraud and to have used the
United States mails in furtherance of
said fraudulent scheme. The jury
was sequestered Monday, January 22, but
nothing further was done in the case
that day. The examination of witnesses
was begun the next morning, and until
last Thursday morning the jury listened to
the testimony of witnesses and the
arguments of counsel, which was begun
Thursday morning and concluded yes-
terday at the noon recess.

During the afternoon session of the
court, Judge Bearman delivered his
charge to the jury, and at 4 o'clock the
jury retired.

Pardon Granted.

ORANGE CITY MINERAL SPRING
WATER

St. Louis, Jan. 13, 1905.
Mr. C. A. Bullen, Manager.
Orange City Mineral Water Co.
Orange City, Fla.

Dear Sirs: In reply to your esteemed favor of Jan. 9th, we beg to advise you that on referring to the official list of awards as approved by the Superior Jury, we find you have been awarded a Collaborator's SILVER MEDAL.

Your representative, with this document in his possession, has an unanswerable argument, as the declaration proclaims your goods to be WITHOUT AN EQUAL. The Jury of Awards has placed you in a position to officially and most effectively make known the fact that you have received the highest award the world can give you for the excellence of your product.

N. E. BARNES,
Director General.

DAYTONA AND ITS
ATTRACTIOMS.

DAYTONA is situated upon the west bank of the Halifax River at its farthest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 30°, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowded by nature with a most royal growth of majestic forest trees, and among these trees is the town of to-day, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lordly live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bay and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the amelanchier climb and cling among the branches forming shady bower and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and long and across which comes the cooling, invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, macadam and shell roads and streets, rendering it the

Wheelman's Paradise

and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivaled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages

that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novel works, an opera house, electrical lighting, street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply

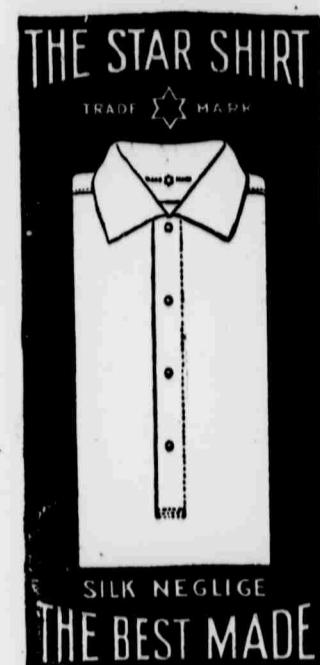

which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesium at reasonable prices.

Shoes for the Whole Family.

Some people appear to think that it makes no particular difference where they buy shoes, that all shoe stores are about alike and that it's about the same thing everywhere. These people are laboring under a great hallucination of the mind, for there is fully as much difference in shoe stores as there is in the people who wear the shoes.

We've Shoes for Men, Women and Children, of certain styles and special makes that cannot be found in other stores, at near so low prices.
